

1 day ago···Gaiya New Energy Co., Ltd. is accelerating construction of its new 3 GWh energy-storage-oriented large cylindrical lithium (sodium) battery manufacturing project. Currently, ...

Oct 22, 2025···In 2025, Ningfu New Energy's large cylindrical battery project was signed in Nanning. Government-enterprise collaboration promotes green and low-carbon development.

Apr 30, 2025···Eve Energy's new large-format cylindrical cells are built for faster production, flexible chemistries, and stronger crash resistance. At ...

May 29, 2024···The importance of cylindrical batteries is only growing because they are used widely from small electronic devices to EVs. In line ...

Apr 30, 2025···Eve Energy's new large-format cylindrical cells are built for faster production, flexible chemistries, and stronger crash resistance. At the 21st Auto Shanghai exhibition, Eve ...

Apr 4, 2024···The cylindrical battery plant, called LG Energy Solution Arizona, will produce 46-Series batteries for electric vehicles (EV). A crucial part of the company's innovative product ...

Sep 5, 2025···Mazda is constructing a new plant in Iwakuni, Japan, to produce cylindrical lithium-ion battery packs. Set to open in 2027, the ...

The project will start production in June 2025, and the first phase of the project will have a production capacity of 4 GWh large cylindrical LFP batteries. The annual output value can ...

The new generation of cylindrical lithium-ion battery R & D and production base with an additional construction area of 101000 square meters will further expand the scale of production capacity, ...

July 9, 2025 | Suzhou, China -- Lishen Battery has officially opened its new cylindrical lithium-ion battery manufacturing base in Suzhou High-Tech Zone, with a total investment of ¥2.75 billion. ...

Apr 4, 2024···The cylindrical battery plant, called LG Energy Solution Arizona, will produce 46-Series batteries for electric vehicles (EV). A ...

Mar 3, 2021···Blue lithium announced that the company plans to invest in the construction of high-efficiency new lithium-ion battery industrialization project in Huaian Qinghe Economic ...

Oct 21, 2022 · Yiwei Lithium Energy said that the project will rely on domestic manufacturing advantages and operating experience to build a production base in Malaysia, and build a new ...

Yang Liang said " the new generation cylindrical lithium-ion battery R& D and manufacture base is important strategic step in Lishen Battery. Its ...
