

Are shipping container buildings custom built?

Shipping container buildings are completely custom-built, and nearly all of the design features are up to you. If you're interested in adding or modifying something you don't see here, chances are, we can make it happen.. Give us a call at (678) 666-3688 to learn more.

Who is Balkan containers?

Balkan Containers is a leader in the production of modular structures. We are a company with 30 years of experience in the Bulgarian and international market. With more than 35,000 customers and over 25,000 square meters, we offer practical and economical solutions combined with aesthetic design, durability and structural strength.

What is a modular shipping container building?

Build a unique and inviting dining experience with modular shipping container buildings. They offer rapid setup and scalability for any culinary concept. Ideal for pop-up shops, boutiques, and retail spaces, these containers can be customized to reflect your brand and relocated as needed.

How can shipping container buildings help your business?

From basic designs to highly customized configurations, shipping container buildings can be tailored to meet the exact needs of your business. Multiple containers can be combined to create larger spaces, and the interiors can be modified with windows, doors, insulation, and other features to suit your requirements.

Are shipping container buildings sustainable?

Shipping container buildings are sustainable because they repurpose existing containers and produce significantly less waste compared to traditional construction. Building in a controlled factory environment allows materials to be used more efficiently, minimizing excess and ensuring a cleaner, greener construction process.
