

What is solar glass?

Mainly engaged in high-quality, high-tech glass deep processing, the products include photoelectric touch glass (monitor front and rear panels and touch screen glass), home appliance glass, photovoltaic glass, and high-end home decoration glass. Solar glass is a glass material that integrates the function of solar power generation.

What are Photovoltaic tiles?

The tiles adopt the traditional form of ceramic tiles, using dark gray single glass three curved photovoltaic tiles (Hanwa) as the main material for photovoltaic power generation, with a total installed capacity of about 317.6 kilowatts.

What is Solar Photovoltaic Glass?

Photovoltaic solar cell glass, also known as solar photovoltaic glass or solar panel glass, is a special glass material used to manufacture solar photovoltaic cell modules. It has transparency and optical properties that allow light to pass through and be absorbed by solar cells to produce electricity.

How many pieces of Photovoltaic Glass are installed in Shanghai?

134 pieces of colored photovoltaic glass in teal, grey with a total installed capacity of 16.36kW 20% light-transmitting glass with a thickness of 6mm is installed on the southeast, northwest and four sides, totaling 1,500 square meters. Shanghai Qingpu District Garbage Incineration Station.

What are the main products of a solar company?

The company engages in solar solutions and system integration. Its series of solutions rely on the intelligent production line of photovoltaic products. The main products include: BIPV modules, PERC/TOPCON/HJT solar modules, LiFePO<sub>4</sub> batteries. The team of the company has rich knowledge and implementation experiences in photovoltaic applications.

What are heterojunction solar cells?

Heterojunction (HJT) solar cells combine the advantages of crystalline silicon and thin-film amorphous silicon technologies. They demonstrate excellent light absorption and passivation effects, surpassing PERC (Passivated Emitter Rear Contact) technology in both efficiency and performance.

SOLGLASS is a professional leader China SOLAR TILE, SOLAR ROOF SYSTEM, NEW ENERGY ROOF SYSTEM manufacturer with high quality ...

12+ years experience on OEM tile roof manufacturer china productions, we are supplying high range of solar mounting systems with innovative design which easy to install.
