

Nov 7, 2024 · In Latvia, developer Utilitas Wind announced the official opening of a 10MW/20MWh battery energy storage system (BESS) last week (1 November) in Targale, a village in Latvia's ...

Are solar batteries a good investment? That's great - solar batteries are becoming an essential component in maximising the benefits of solar energy. As solar battery costs decrease, more ...

Oct 26, 2024 · The Latvian transmission system operator, JSC "Augstsprieguma tikls," (AST) has signed agreements with 12 wind and ...

Jul 8, 2025 · SUNOTEC is planning to build a 400 MWp solar farm with 600 MWh storage batteries in the parish of Lazas, Dienvidkurzeme municipality, Latvia. The solar project will be ...

Jun 19, 2025 · Latvia's Energy Strategy 2050 outlines major changes in renewable energy production and storage, with significant investments planned in wind, solar, biomass, and ...

Oct 24, 2025 · European Energy sells 50% of its 111 MW Saldus solar and battery project in Latvia to Sampension, one of Denmark's largest pension funds. The project combines a 65 ...

Jul 13, 2025 · European renewable energy provider SUNOTEC has finalized the acquisition of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy. This ...

Feb 3, 2025 · ##Latvia Ups Its Solar Game: BESS Batteries Set To Stabilize the Grid Get ready, Latvia, because things are about to get seriously bright! AJ Power, taking cues from a solar ...

Oct 15, 2025 · A solar battery is a device that is charged by a connected solar system and stores energy as a backup for consuming later. Users can consume the stored electricity after ...

Nov 1, 2024 · The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The ...

The battery system includes six battery containers, three inverter/transformer container and one distribution point container, providing a total electric capacity of up to 20 MWh. To get a better ...

Nov 1, 2024 · The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a ...

Nov 13, 2025 · Denmark-based European Energy has received EUR 37.9 million in long-term financing from Luminor to build a hybrid solar and battery project in Saldus, Latvia. The plan ...

Are electric vehicle batteries coming to Latvia? Swedish tech company Anodox Energy Systems has announced plans to produce electric vehicle batteries in Latvia, with the first factory in the ...
